

HOOD RIVER SUN.

HOOD RIVER, OR., NOV. 16, 1899.

LOCAL AND GENERAL.

Two weeks from today is Thanksgiving Day.

Hans Lige made a trip to The Dalles on Monday.

Ralph Savage paid a visit to the metropolis last Friday.

The band held their regular weekly practice in the hall on Monday night.

W. J. Lisher was one of Hood River's visitors to Portland the rear end of last week.

Mrs. R. E. Erwin, we learn, is somewhat under the weather the past few days.

Roy and Archie Eastman are not convalescent as yet but are reported as doing well.

Geo. T. Prather was doing business at the city of The Dalles the front part of the week.

Mrs. E. J. Cassidy, of Portland, is spending a few weeks in this city with her sister, Mrs. Bartlett.

Mrs. Mercer went to The Dalles yesterday on the evening train and expects to return this afternoon.

County Surveyor Golt is at work this week surveying in the region of the upper Hood River valley.

H. F. Davidson, of the Davidson Fruit Co., made a trip to The Dalles Sunday evening returning Monday afternoon.

The Ladies Aid Society of the Congregational Church will meet at the home of Mrs. James Graham on Friday afternoon.

The streets are being cleared out in the Barrett-Sigma addition, of which J. L. Henderson is the duly accredited agent.

H. F. Davidson boarded the early train on Tuesday morning for a brief business visit in the big city down the Columbia.

W. A. Sherrill left yesterday morning on a trip to Portland, where he goes to select new goods and on other matters of business.

The phone number of Dr. Crossius, 112, as shown in his business card heretofore was incorrect. It should have been No. 121.

Services at the Congregational Church will be conducted by the pastor at 11 A. M. and 7:45 P. M. Topics of interest will be presented.

Hugh Gurley, of the Dalles, was a visitor in Hood River yesterday, having come down on the morning boat and returning in the evening.

If you are not already a subscriber to the Sun now is a good time to become one. You get the local news from all parts of the country tributary to Hood River.

Beginning with this week the Daily Oregonian will be found on file at the public library, also the Sun and the Glacier, so we were informed by G. T. Prather, librarian.

There is a death in our correspondence this week from some cause at present unknown to us. We trust, however, that full returns will reach us hereafter promptly on time.

Messrs. Konkite & Ogden, the contractors who have been overhauling and enlarging the ice house west of town, have completed their work and on Saturday left for their home at Portland.

Regular services will be conducted in the M. E. Church next Sunday morning and evening by the pastor, Rev. F. R. Spaulding. Also Sunday School and Epworth League, all at the usual hours.

Mr. Gregory billed a car of wood for Klondike from Hood River last Saturday. A pretty good distance for shipping wood, and yet not quite so far after all when you consider that it was for Klondike, Oregon.

S. Cox will open business in a few days in the store building now being fitted up on the corner of Oak and 2nd streets, and will carry a miscellaneous stock of goods. The store will be in the charge of Mrs. Harwood.

The Ladies Aid Society of the M. E. Church will have a sale of aprons and other useful articles, some time during first of December. Meals will also be served during time of sale. Full particulars will be given later.

Messrs. Duke Langille and Bert Strahan have purchased the interest in the Mt. Hood Stage Co., recently owned by W. S. Olinger, who retires from the firm. The name of the firm will remain as at present, the Mt. Hood Stage Co.

The Christian Endeavor Society of the Congregational Church will give a social at the residence of Mr. and Mrs. Prather on Friday evening. All members and friends of the society are invited to attend. Refreshments will be served.

Joe Mays says he would not object to "blacking up" every day if he could have the same assistance and "mirror" facilities afterwards in arranging his toilet that he had the other evening. Wonder what the other boys say about it?

C. H. Tempel, the jeweler, has purchased the building recently occupied as a barber shop, and will have new windows put therein and otherwise fitted up for a store, and will occupy it as soon as the improvements are completed.

George Boorman returned on Sunday morning from Sherman county and is in the midst of an attack of typhoid fever. Others on Phelps creek who are afflicted with the fever are little Alta Boorman, Nina Noble and Barn Jones, the last named being in the midst of a quite severe attack.

Mrs. Brown, the lady who was so nearly killed by her drunken husband last week at The Dalles, mention of which is made elsewhere, will recover, so the attending physicians believe; unless blood poisoning should follow.

Mr. Zeigler, the champion early strawberry grower, of White Salmon, was in the city last Friday. He informs us that he expects still better results the coming season with his berries as he has better prepared himself for caring for them. Mr. Zeigler will also try his hand at asparagus next season.

Dr. Watt has planted a hitching post at the corner near his residence, and more than that he has had placed there on a large night lamp which lights up the surroundings in good shape. A few more of the same kind of lights would not be amiss in other portions of the city on a dark night.

There are three new buildings in the course of erection in Capt. Blowers addition in the west part of town. We are informed that quite a number contemplate building residences in the city in the near future, and to a man up a tree it looks as if such a step would be a paying investment for any one with money lying idle.

Our thanks are due several persons for favoring us with news items this week and we take this means of extending same to them. Doing all the mechanical and office work alone as we are at present, there are doubtless many transactions of interest which we fail to get, and the assistance rendered is therefore doubly appreciated.

D. S. Keiser succeeded in killing a large lynx one day last week after having shot it three different times. The animal was killed a short distance up Hood River and measured over three feet in length. This is supposed to be the same animal so frequently seen of late in that neighborhood and thought by many to have been a cougar.

While in the rooms of the public library last Saturday we were shown a head of cabbage by Mr. Pew that had been grown on the farm of Underwood Bros., on White Salmon, and which was said to weigh 23 pounds. It was certainly a very fine head and is good evidence of what can be done in that line in the country tributary to Hood River.

Chas. Ringler, representing the Evening Telegram, was in Hood River last Thursday night and Friday in the interests of his paper, and as is quite right and proper, found time while in the city to call and bask in the Sun's rays for a few moments. Mr. Ringler is a pleasant gentleman and he represents a paper that is rapidly forging to the front as a first class evening daily.

Judge Henderson has recently invested in a standard surveyor's transit and received the same a few days since from the eastern manufacturer. It is a very fine instrument, with all up-to-date appliances and cost over \$150. The judge is justly proud of the instrument, and we understand is fully prepared to use it scientifically, having previously done a good deal of work in the line of surveying.

A social was given on Tuesday night in the A. O. U. W. hall by the ladies of the Woman's Relief Corps, and we are informed a very pleasant social time was enjoyed by the large number who attended. Likewise the many good things to eat were also enjoyed, and the ever hungry editor of the Sun laments his absence. However, the next time there are any cakes and pie'n things around we'll be there. The net receipts of the social amounted to \$10.70, which sum goes into the general relief fund.

The shower of stars billed to appear Tuesday night have failed to arrive, so far as this section of the country can note. The papers state that New York people were privileged to witness the meteoric shower and that a repetition of the scene may occur even as late as tonight. It is said the sight is well worth one's remaining up all night to it being visible to this section of country we believe we will seek our repose about as usual and let the stars fall if they so desire.

M. P. Isenberg was a very pleasant caller at this office last Friday. Mr. Isenberg was for many years in the service of the government, and during the time was in every state in the Union and his verdict is that there is no place that he visited that suited him as well as Hood River, not even excepting California. What everybody says must have some foundation for truth and this same verdict is the general expression used by all with whom we have had any conversation regarding this part of the country.

R. R. Erwin, of the firm of Erwin & Co., real estate and mining brokers, of Sumpter, Oregon, is spending a few days with his family in Hood River, having reached here Saturday evening from Portland. Mr. Erwin is naturally quite enthusiastic over the boom now on at Sumpter and thinks it has not reached its height yet. He thinks very highly of Hood River, however, and is of the opinion that there is a great future before it. We acknowledge a very pleasant call from the gentleman. He left last evening for Sumpter.

E. B. Clark, the capable and accommodating agent of the O. R. & N. at this place for the past two years, expects to leave in a few days for Fort Stevens, where he will enter the employ of the U. S. Government. Mr. Clark daily expects to be relieved and as soon as the necessary arrangements are completed he, with his family, will start for their new home. Mr. Clark has many friends in Hood River who will greatly regret his departure, but whose good wishes will accompany him and his family wherever their steps may lead them.

Basket Social.

A basket social was given in the A. O. U. W. hall last Friday night by the Epworth League; the receipts of which were to go toward paying balance due on the furnace in the M. E. Church. A very large number were in attendance and all apparently enjoyed themselves fully. A short program was rendered, beginning with a song by a male quartette comprised of the following gentlemen: J. W. Mays, Chester Shute, Jason Rand and Bert Rand. This was followed with a comic recitation by Joe Mays, then a well rendered selection by Miss Amy Angel, and this in turn by a descriptive sketch of a "yankee's exhibition of genuine wax works," by Prof. Barnes and which was well appreciated by the audience. A negro song, "Hear Dem Bells a Ringin'," by the above named (colored) quartette then followed and was so thoroughly enjoyed that an encore was called for when the company was favored with another selection, "Down by the Lime Kiln Club."

This closed the literary part of the program after which came the sale of baskets, Prof. Barnes acting as auctioneer. A good deal of rivalry was manifested in the bidding, and the beautifully made and well filled baskets sold quite rapidly at prices ranging from 65 cents to \$1.15 each. Beside the baskets well filled plates were provided for all who desired to purchase them at fifteen cents each, or two for twenty-five cents, and considerable was added to the receipts from this source.

We are informed that the receipts amounted to about twenty dollars.

It will be a source of satisfaction to all and a great saving to our many large buyers of mill-stuff that Rand & Stewart have entered the market as cash carload buyers and will hereafter distribute Dalles Diamond, Peacock, Goldendale Diamond Graham and Whole Wheat Flour, Bran, Shorts, Barley, Wheat and Corn.

W. E. Sherrill has just put in a large stock of mouldings for picture framing. Now is the time to get your pictures framed.
